Application Process Improvement Task
Force

Lucienne Lutfy-Clayton, MD
Laura R. Hopson, MD

Update on the progress of the new
Application Process Improvement Task
force. This Task Force was created to
address issues surrounding Emergency
Medicine residency application process.

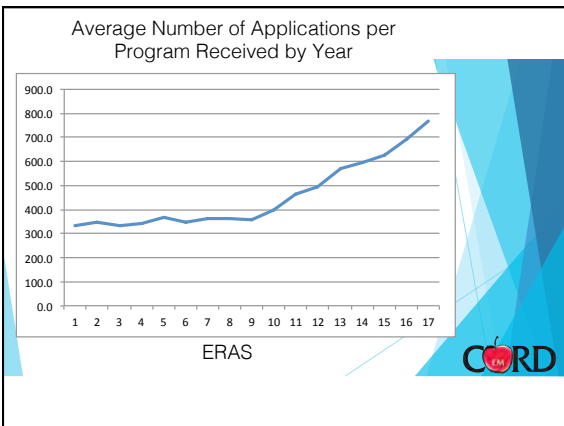

- Issues and solutions identified in the application process divided into subgroups
- Application factors
- Student factors
- Program factors
- Goals and solutions identified for the subgroups

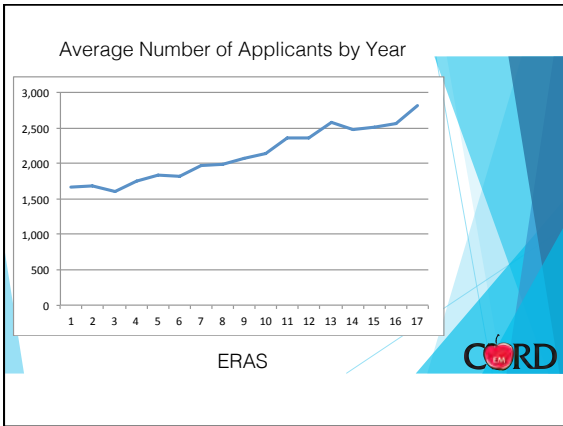

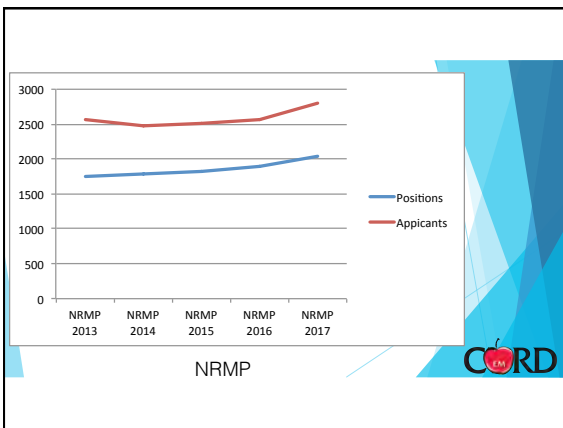

After reviewing the factors contributing to the escalation in applications, the subgroup leaders will review the solutions identified, after which we will have an open discussion among attendees
