

The Flipped Classroom: Medical Student Simulation Procedure Training

William Caputo MD, RDMS, FACEP
Northwell Health at Staten Island University Hospital

Assistant Residency Director
Billy.Caputo@gmail.com

Flipped Classroom Model

- Learners on their own time/pace
- Evens playfield for students
- More time for the fun stuff

Simulation

- Widely loved EM stronghold
- Adaptable to level of training
- Stress free learning environment

Procedure Training

- Exciting for students
- Program Promotion
- Good to know basics
